

## New nightclub to open at Cincinnati Mall

Staff report

Updated 12:41 PM Monday, March 26, 2012

**FAIRFIELD** — A new nightclub will open at the Cincinnati Mall this summer.

Place 2 B Night Club signed a five-year lease for 29,184-square-feet, according to Karla Ellsworth, head of development for the center.

The new business will take the space formerly occupied by the nightclub Metropolis, which closed last June.

Place 2 B will start with Thursday, Friday and Saturday night events and offer live music, deejays, Thursday college nights and other events to be announced after it opens. The night club is projected to create approximately 100 full and part-time jobs, Ellsworth said. Owners did not give an exact date of when the club would open.

Cincinnati Mall developers announced in February they had signed leases with six new tenants for a total of approximately 50,000-square-feet.

Cincinnati Mall straddles the Fairfield and Forest Park border in Butler and Hamilton counties near Interstate 275.

The center continues to seek restaurant operators for its four sit-down restaurants, additional family entertainment options, business and medical offices, sports-themed retail and recreations and retail stores, Ellsworth said.
