

Living Legacy Tree Program

The City of Fairfield Parks and Recreation Department and the Environmental Commission is privileged to provide a unique opportunity to our residents who would like to plant a tree in honor of a family member, a special loved one, or for themselves. There are over 45 different species of trees to choose from and several different levels to pick from depending on what type of tree you select.

A 30" x 24" cast bronze plaque has been installed in a centralized area located by the benches in the middle of the grove. The individual name will be added to the large plaque.
