5B. Enter taxes withheld for other cities by the employer(s). Credit is permitted for taxes withheld up to 1.5% (.015) of the portion of wages taxed by the other municipality since those tax dollars remain in the city to which they were paid. For example, tax withheld (Box 19) divided by that city's tax rate equals the portion of income taxed. If that city's rate is greater than 1.5%, multiply that income by 1.5% (.015) to equal the allowable credit. **Credit for taxes paid to other municipalities MUST BE CALCULATED SEPARATELY on each W-2.** Part-year residents refer to the instructions for line 22.*

20. Enter any prior loss carry forward from previously filed Fairfield returns (attach schedule). Losses that have been exhausted against prior profits may not be used.

21. If line 19 is a loss or less than line 20, enter zero (0.00) otherwise subtract line 20 from line 19.

22A – 22D. Deductions that may be taken against taxable income include: 2106 Employee Business Expenses, Moving Expenses, and Part-Year Residency (please contact the income tax office for items not listed).

22A. Business Expense – all Federal Form 2106 Employee Business Expenses must be adjusted to the portion of taxes paid *directly to Fairfield*. For example, if a portion of the qualifying wages for which expenses are being claimed against were taxed and paid to another city we are required to reduce the allowable tax credit for that city by the available refund. **Form 2106 must be attached** and supporting schedules and/or receipts must be furnished upon request or deduction will be disallowed.

22B. Moving Expenses – Moving expenses on Federal Form 3903 may be deducted only if incurred with job-related transfers when moving **into** Fairfield. **Form 3903 must be attached** in order to receive the deduction.

22C. Part-Year Residents –A deduction is allowed for part of the qualifying wages that was earned prior to moving into or after moving out of the City of Fairfield. An exact move-in/move-out date must be provided on the return to allow the deduction. If those wages are specific to a particular W-2, please clearly mark the applicable W-2 or attach a pay stub or a letter from the employer to verify the actual amount. If the actual amount cannot be determined, the income must be prorated based on the number of months NOT in Fairfield.

To calculate an income deduction, take the qualifying wages multiplied by the months outside of Fairfield, and divide that number by 12 months. This figure is the wage deduction. Enter this figure on line 22A, B or C.

To calculate a credit deduction, take the tax withheld (Box 19) divided by the city's tax rate which equals the portion of income taxed. Take that income multiplied by 1.5% (.015) to equal the allowable credit. Multiply the allowable credit by the months outside of Fairfield then divide it by 12 months to equal the prorated credit deduction. This amount needs to be deducted from the allowable credit on that W-2. This equals the amount to be included on line 5B.

22D. Enter the sum of lines 22A – 22C.

23. Subtract line 22D from line 21. Enter final amount on line 2 on Fairfield Return.

Penalty and/or Interest, if applicable, will be calculated by the Income Tax Division. Penalties include: Late Filing - \$200; Estimated Tax (see lines 8-14) - \$50; Late Payment – greater of \$50 or 2% per month for up to twelve months past original due date OR 5% per month if over twelve months on the outstanding balance. Interest is 1% per month on the outstanding balance.
